## EXPERIENCE

**- Front End Developer / 2020, October - Present**
GI Consulting Inc. / Kochi

As a web developer, My major responsibilities at GI were to develop user-facing pages and User Interface components. As a web developer my major fields of work are creating, maintaining web pages, making website mobile friendly, working with HTML, CSS, Bootstrap, modern frameworks like Vue js, Laravel, and technologies like Git. As a professional web dev, I consider myself as a detail oriented, hardworking individual.

**- Intern / 2020, May - 2020, September**
Oxive Solutions / Thodupuzha

As an intern, I started my career as a developer at Terasoft with a four-month internship right after my graduation.
